Briefly describe the project / purpose for which you require a grant.

The intention is for equipment to be used at the Evreham Youth Centre which is our charity base.
We currently have over 50 local children attending the youth club on a regular basis.
In collaboration with the Evreham Sports centre our intention is to provide an option for a community provision to expand the number of children participating so other children in Ivers who currently are unable to attend the club, can benefit from roller disco events.

How will the project or activities benefit the residents of The Ivers?
Please include estimates of the number of Iver residents that will receive a direct benefit from the project or activities.

Building social interaction for the youth
Reducing social isolation and takes them from the recreation ground to a safe place
Bringing the community together by providing a fun activity and provision of good exercise promoting wellbeing.
Allowing the community parents to interact with others in a social setting and all involved to build networks and friendships

Please provide a breakdown of the costs of your project.

The overall cost of the project will be in excess of £3000. We will be purchasing 50 pairs of roller boots at approx. £50 per pair which is £2,500 on its own.

50 x £50 = £2,500 Roller Boots

60 x £15 = £900 Protective Bump Pad Sets

(the children will provide their own helmets as more personal)
