Name	N McCaig	Stance	Object
First Name		Reason	The prevention of public nuisance
Last Name		Original Text	The Parish Council object to the non-standard timings for opening hours as this will be the only venue in the area with a 2am closing time, meaning that pubgoers will start arriving once other venues have closed at an earlier time. This will cause a noise nuisance to the neighbouring residential properties when arriving and leaving the venue. The Parish Council object to the inclusion of the additional bar servery at the rear of the premises in the licensing plan due to the noise disturbance to neighbouring residential properties. The Parish Council wish to highlight that there is limited nearby police presence.
